

# Explore Guides - How to Earn Badges

Below is in-depth information on earning badges, including what activities are available and how many activities are needed to complete to earn the badge. Your Explore Leader will mark your Guide badge progress in the Parent Portal but you can mark off your own progress below. Any earned badges are sent out upon your resubscription.

As Explore Guides is a new programme, not all activities and badges are live yet. Keep an eye out for them appearing on your activities page, giving you even more choice as you work towards your badges!

We have faded out activities and badges not yet available in this document, but will update this document as/when appropriate. Any faded out with a name are planned and ready to build!
